

MAD M130-BTN

MAD IN EVERY POSSIBLE WAY

Take it to the next level with the MAD M130-BTN! This powerful single DIN head unit brings WAV and FLAC audio playback for a true sound experience in your car. Enjoy music through Bluetooth, USB or AUX - or tune in your favorite radio channel while traveling. We don't call ourselves Audio Power for nothing!

PRECISION CONTROL

We know you're all about pushing boundaries—adding one, two, or even more amplifiers to your LOUD sound system. That calls for at least three pairs of RCA outputs. The MAD M130-BTN puts you in full control with its advanced 2-way crossover network. High-pass crossovers drive your front and rear speakers, while low-pass crossovers unleash the power of your subwoofers. The 14-band equalizer lets you sculpt your sound exactly how you want it. When it comes to precision, our FLA (Fine Level Adjustment) function lets you fine-tune the levels of every channel for an unrivaled front-seat experience. Time to show your MAD dedication and crank up the LOUD like never before!

SAFETY FIRST

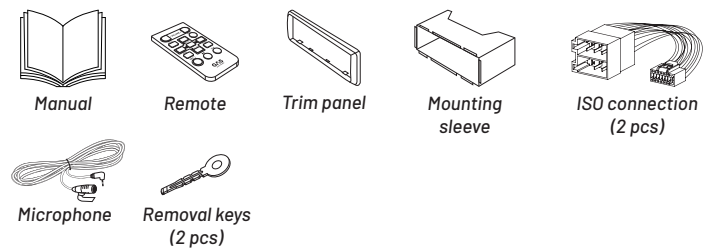

Staying connected isn't just important—it's essential. That's why we've equipped the head unit with Bluetooth and not one, but two microphones: one in the head unit and an external one (cable included). Security a concern? Our detachable front panel lets you take it with you, to keep thieves at bay and your mind at ease. And with the included remote control, you can control your system from any seat—or even from outside the car. Time to go LOUD and live PROUD!

SPECIFICATIONS

GENERAL	
Component	1 DIN head unit short chassis
Output power MAX	4x50W
Full bandwidth power (at less than 10% THD)	4x25W
Bluetooth version	BT 5.3
Speaker impedance	4-8 Ohm
Frequency response	20Hz-20kHz
2V pre-outs 3 pair	Front, Rear, Sub
Pre-EQ	Natural, Rock, Techno, Pop, Custom
Pre-out level	2000mV / 10kOhm load
Power antenna lead	+12V to external amp. or electric antenna
USB charging	5V 1A
FM-radio frequency	87.5MHz-108MHz (50kHz step)
Front input	USB & AUX
USB formats	MP3, WMA, ACC, WAV, FLAC
Panel	Detachable

EQ/NETWORK SET	
Equalizer 14-band	30Hz, 60Hz, 80Hz, 120Hz, 160Hz, 250Hz, 400Hz, 600Hz, 1.5KHz, 2.5KHz, 4KHz, 8KHz, 12KHz, 16KHz
Equalizer range	-18dB to +18dB (1dB steps)
FLA SET FINE LEVEL ADJUSTMENT	Position Front L, Front R, Center, Custom Front L/R REAR L/R SUB 0 to -38,75dB (1.25dB steps)
SUB SET / SW FREQ	OFF, 30Hz, 60Hz, 80Hz, 100Hz, 120Hz, 150Hz, 180Hz, 200Hz, 250Hz, 300Hz
PHASE	Normal/Reverse
GAIN	0 to +5 (1dB steps)
SLOPE	6, 12, 18, 24 dB/Oct
F+R SET / HPF FREQ	THROUGH, 30Hz, 40Hz, 50Hz, 60Hz, 70Hz, 80Hz, 90Hz, 100Hz, 120Hz, 150Hz, 180Hz, 200Hz, 250Hz, 300Hz
